## Latest News

The 4th Transnational Project  
Meeting in Mont-Saint-Aignan,  
France

Hosted by IFPRA Normandie

30th of November - 1st of December 2023

## About our results

RESULT 1. E-PATHWAY

RESULT 2. GAME-BASED EDUCATIONAL  
TOOLS

RESULT 3. ONLINE ENGINEERING MODELS

### RESULT 2. GAME-BASED EDUCATIONAL TOOLS

It is time to highlight our groundbreaking work on Result 2, which focuses on the development of **game-based educational tools**. We believe that gamification represents a captivating incentive that can motivate trainers and teachers to enhance their skills and knowledge on the topic.

Through this Result, we aim to enhance motivation, engagement, and knowledge retention among trainers and teachers. By transforming the learning experience from the Result 1 into an interactive and enjoyable adventure, we believe that individuals will be inspired to actively participate in their professional development.

# The 3rd Transnational Project Meeting Maribor, Slovenia 20th - 21st of April 2023

The FAVET team met again in the 3rd Transnational Project Meeting, held on the 20th - 21st of April 2023. This meeting was organised and hosted by the Slovenian partner, Fundacija PRIZMA (PRIZMA Foundation).

The meeting served as an opportunity for the team to discuss the progress made so far in the project's activities and the remarkable results achieved. The team members were eager to share their insights, exchange knowledge, and collaborate on refining their approach to improve vocational education and training (VET) for trainers and teachers.

# The Learning Teaching Training Activity Kouvola, Finland 24th - 26th of May 2023

A three-day Learning Teaching Training Activity took place in Kouvola, Finland, as part of the FAVET Project. From the 24th to the 26th of May 2023, trainers and teachers from Spain, Slovenia, Romania, Finland, France, and Poland came together to participate in the testing activities aimed at enhancing their skills as digital facilitators.

Hosted and organised by our Finnish partners from Kouvolan Ammattiopisto Eduko, this training offered a unique opportunity for professionals to collaborate, learn, and grow in their digital practices.

# Let's get to know the partnership

**Bucovina Institute**, established in 2011, is a non-governmental organization (NGO) that operates as a non-profit organization. Its main goal is to promote sustainable development in communities located in the North East of Romania, South-West of Ukraine, and the entire Republic of Moldova. This is achieved through various initiatives such as collaborative learning projects and the organization of ongoing training programs for adults.

The main objectives of Bucovina Institute include:

1. Developing programs that facilitate intercultural learning, cross-border cooperation, and the exchange of experiences.
2. Supporting individuals from rural areas, including youth, adults, immigrants, minorities, and persons with disabilities, by ensuring equal access to all forms of education and learning opportunities.
3. Contributing to regional and community development through the provision of training courses, competency evaluations, and certification processes, and promoting inclusive access for all community members without discrimination.

**PRIZMA Foundation** for improvement of employment possibilities connects the social partners and other key stakeholders in Podravje region, Slovenia. With successful applications for public tenders (EU and national), it provides funds for:

- Matching supply and demand in the local labor market,
- encouraging investment in human resources development,
- intensification of investments in the development of competencies,
- lifelong learning for both the employed and the unemployed,
- development and support of the social economy sector and social innovation.

**PRIZMA**  
Foundation for Improvement of  
Employment Possibilities

The foundation develops competencies for smart specialization, industrial transition, and entrepreneurship. It advises and supports companies/ organizations in the field of strategic human resource development, improves working conditions, and enhances approaches and models for active aging and managing an age-diverse workforce. Additionally, they create a supportive environment for the further development of the social economy sector.
